

Spooktacular Souldern

Guidance for Sticker Stops

Thanks for agreeing to be a “sticker stop” in our socially distanced Halloween extravaganza!

A couple of pointers ahead of the evening:

- All things going well with printing, you will each be issued with two sheets of 24 stickers ahead of Halloween. These are unique to your house, and will be used on the night for collection, so please don't lose them!
- We currently have about 45 kids registered for the Spooktacular, so we will need pretty well all of the stickers.
- On the evening, please have your stickers out somewhere accessible, along with an illuminated pumpkin (or similar beacon). **Please could you have these out for 4.30pm** to allow for any early birds to get round.
- Participants will have a map marked up with all the sticker stops so should be able to find properties readily enough, but if your house is set back from the road then it may be worth considering putting your sticker station somewhere prominent.
- At the time of writing, the forecast is OK for Saturday, but if it looks like we could have rain, we'd be grateful if you could provide some kind of shelter for your stickers and pumpkin.
- Related to the above, please hold out all prayers, wishes and other entreatments for decent weather for Saturday evening.
- Goodie bags will be given to kids at the Fox at the end of their trail. If you do want to leave any extra goodies out for families to take at their own discretion, then do feel free.
- Everything should be wrapped up by 7pm.

...that's about it I think!

If you do have any other queries you can raise them through the SSSC or Spooktacular Souldern WhatsApp groups.

Thanks again for taking part, and for your contributions to the swag bags!
